FRESHERS WELCOME-27.09.2019

Students of Durgapur Government College organize a warm, grand and overwhelming welcome program for the newly admitted students every year. Fresher's welcome program for the 2019-2020 was organized on 27th September 2019. The present/existing students of the senior semesters arranged a cultural program in this regard. The students of Semester V and VI specially arranged the program, while those from Semester III and IV, participated in the cultural program. The main attraction of the entire program for each year is the special appearance of singers and famous well-known personalities/groups who present stage performance with immense grandeur. The year 2019 was no exception. A special live performance was made by singer Sirsha Rakshit from Sujoy Chakraborty and his group. The flex for the program looked as follows:-

The flex for the cultural program for Fresher's welcome, 2019-2020

The aim behind the Fresher's welcome program is to make the students feel free in the new ambience of the College. The thought perhaps comes or tickles down from the fact that the newly admitted students after their Higher Secondary examination are well versed with the school environment and with schooling rather than with the college atmosphere. The students who are from the senior semester open up in their own merry making way to let the new know what it is all about the fun that envelopes in a college atmosphere. It is studies with fun which would be a perfect combination for which the

Fresher's are greeted with pomp and grandeur. It is also a way by which the students who feel that the College belongs to them pass their feelings and expect the new students to adopt it. The program has its opening as per custom by the Principal, Durgapur Government College in the presence of all faculty members of the College.

COLLEGE ANNUAL EXHIBITION-18.12.2019 to 19-12.2019

Durgapur Government College organizes Annual Exhibition every year. 2019-2020 witnessed the same thing on 18th and 19th December. The Annual exhibition is a two day program. On the first day the exhibition is inaugurated by the Principal Durgapur Government College and the IQAC, Durgapur Government College while on the second day the exhibition is opened for all. Students of other colleges and visitors are also allowed to visit on the second day. The Cultural sub-Committee helps students in organizing the exhibition. It must be mentioned with special importance that the Annual Exhibition is actually a student activity program. Starting from the theme to be chosen to the invitation to faculty members and the Principal, all are posthumously conducted by the students. Students of each of the Departments (Arts, Science and Commerce stream) choose their own theme or topic on which they make models, posters and give oral presentations. The aim is to choose a topic and explain the views, the hard theory behind and give vent to the new ideas if any on the chosen issue. Rooms for each of the Department are allotted for this purpose. An important point is that, the Annual Exhibition culminates in a competition amongst the Departments, where Judges are appointed by the College authority from other different Colleges. The Exhibited thoughts, ideas, models, mode of presentation, decoration are the different aspects on which judgments are done. There are trophies for the First, second and third positions. Students enjoy this part of the entire exhibition and a healthy completion is witnessed.

A few topic/ theme of the different Departments for 2019-2020 exhibition were:-

- MYSTERIOUS MANGROVE (DEPARTMENT OF ZOOLOGY AND DEPARTMENT OF CONSERVATION BIOLOGY)
- SPACE-EXPLORATION THROUGH MARS AND MOON MISSIONS (DEPARTMENT OF PHYSICS)
- GOTHIC LITERATURE (DEPARTMENT OF ENGLISH)
- BAGALI KARE KOE! (DEPARTMENT OF BENGALI)
- GEOLOGIC STRUCTURES, GEOMORPHOLOGY AND PALAEOLOGY (DEPARTMENT OF GEOLOGY)
- NITIVIDYA (DEPARTMENT OF PHILOSOPHY)

It is quite clear from the selection of the different topics that students with their orientation as per their own subject stream, poured in their respective views and thoughts on the said issues. While some of them have chosen to exhibit the importance of the Mangroves of the Sundarbans in keeping the ecological balance, some thought on

the theory and working principle behind Chandrayan 2, some tried to explore the multifarious dimensions of Gothic literature; some talked of the very being or the very concept of belonging to a specific culture. They tried to talk of what it is at all being a Bengali, elaborating on the food habits, sense of dressing or attire, a few adaptive habits etc, again some wanted to spread and inculcate the basic geologic concepts and knowledge in everyone, still some of the students thought of the ethical values and the construction of ethical judgements. They made lovely models. The rooms were marvelously decorated to give that feel to the topic selected. Faculties and the members of cultural committee keep up the spirit of the exhibition by visiting every room for each of the Departments. Students gather valuable comments and observations from faculty members so that they can improve the next time.
