We take immense pleasure in inviting you to online Hand-on Training on Nature Walk on the theme 'Backyard Biodiversity- Click while you walk'.

About the College

Instituted in 1969, the college towers as the only Government college in the entire district of Paschim Bardhaman. Throughout the glorious 50 years, eminent scholars have taught here and the college has produced brilliant scholars employed in reputed institutions. It offers UG courses in 14 subjects and PG courses in 3 science subjects. The campus itself is a rich treasure-trove of natural resources including flora and fauna.

About the training

The program intends to make the students understand the importance of nature and best practice is to start from backyard. The concept of Backyard Biodiversity is new and is formulated to make people aware about nature around us. It is just like 'Charity begins at home' because we can start to love, nurture and nourish nature from home itself. Participants will be enlightened about basic field techniques for Nature monitoring while walking and the basic pre-requisites for the same. This will enable students to learn to explore the secrets of nature primarily starting from their home and neighborhood

Resource persons

**Dr. Ashok Bhattacharya,
Head, Department of
Botany**

**Dr. Somnath Dhali, Head,
Department of Zoology**

**Dr. Moitreyee Chakrabarty,
