

## Feedback report from the mentees for the academic session 2023-24 [January to May, 2024]

The students unanimously agreed that the study materials provided for internal assessments and end-semester examinations are adequate. They also expressed satisfaction with the comments made by teachers on their assignment responses. Notably, 77.8% of the students reported being highly satisfied with the quality of the study materials. Additionally, 94.4% of the students are highly satisfied, and 5.6% are partially satisfied, with the doubt-clearing sessions conducted during and outside of class hours. Furthermore, 94.4% of the students confirmed that teachers and mentors responded promptly to clear doubts through email, WhatsApp, or phone outside of class hours. Regarding assessments, 44.4% of the students are highly satisfied, and 55.6% are satisfied with the number of tests conducted and assignments given each semester. Moreover, 50% of the students acknowledged that the department provides guidance for postgraduate career opportunities and job prospects.

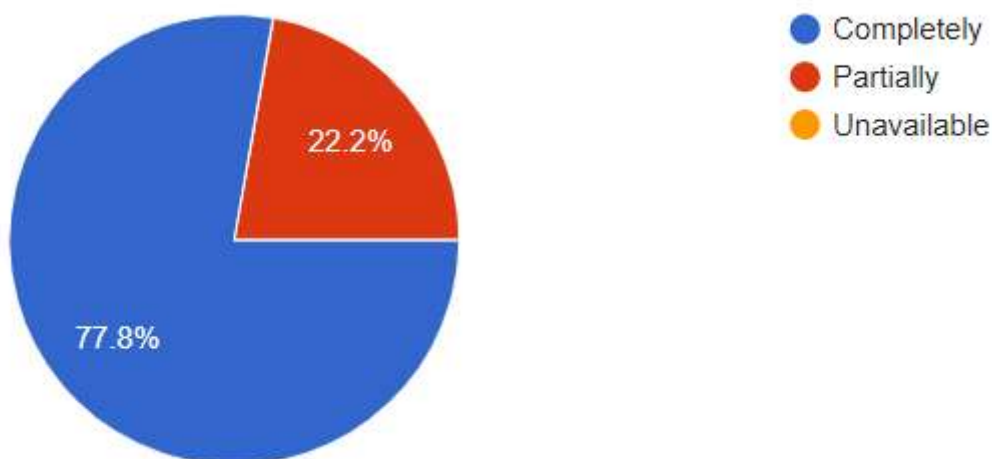

The students highlighted the greatest strengths of the department as the supportiveness of teachers and mentors, the adoption of innovative teaching methods, and the readiness of the staff to interact with students whenever necessary. They are fully satisfied with the regularity and capability of the teachers in conducting classroom teaching and assessment procedures. Almost 93% of the students concurred that there are no significant weaknesses in the department.
