Course Objectives

Research methodology is the study of how to design, conduct, and report scientific research. It encompasses philosophy of science, logical reasoning, research methods and ethics. Such courses are offered by universities for students who have enrolled themselves as research scholars with the aim for pursuing PhD. This course enables students to develop skill and creative minds for innovative research design and presenting the same at various platforms. In the new academic curricula, undergraduate students can also pursue this course in order to train themselves for research endeavors. Keeping this in mind, this initiative has been taken by the Durgapur Government College to equip students with the knowledge and skills to conduct and evaluate scientific research in a rigorous and ethical manner. This course will help the students to think scientifically about a research problem, formulate innovative research questions and hypothesis, collect, measure and analyze data and interpret the outcome of the research. The course offered at university level for PhD students is now available for UG and PG students also in order to prepare and motivate them towards research in various fields of humanities, science and commerce to generate young intelligent minds.

Prerequisite

Undergraduate and post-graduate students of Durgapur Government College

Mode of Curriculum Delivery

Fully Online using gnomio (MOODLE) class and Google Meet Platform through the use of open-source online software, which can be accessed by laptop or computers and mobile phone

- MS OFFICE (MS WORD, MS EXCEL and MS POWER POINT)
- Reference manager software like MENDELEY
- Online plagiarism software

Career Prospect

Students at undergraduate and postgraduate level will be equipped with the knowledge of research design and other aspects of scientific research which will help them to think about research problems and use them in their projects, term papers, dissertation etc. After completion of the course, they can apply to different research institutions for pursuing a career in advanced research and will be able to write research proposal which is prerequisite for many reputed International and National research and academic Institutes and Universities. Students can also become scientific and literary content writers which is a flourishing job options for young minds.

Intake Capacity

Maximum 30 students in a Group

Contact Hours: 36 hours

Course Duration: 6 weeks (One Class-2 hour, 3 classes/week)

Course Routine (Per Week)

Day	05.00 pm to 07.00 pm
Tuesday	Online Theory Class
Friday	Online Theory Class
Saturday	Online Theory Class

NB: In the 6th week all classes will be practical demonstration on MS OFFICE, Plagiarism and Reference Software

Present Student Strength

Program	Total No. of Students enrolled in Semester-II and Semester-IV
M.Sc. in Conservation Biology	15

Present Faculty Strength

Department	Associate Professor	Assistant Professor	SACT	Total
Conservation Biology	0	5	2	7

Course Outcomes

- CO1 Knowledge on research concept and problem, research philosophy and ethics
- CO2 Learn different techniques of research design, objectives, questions, hypothesis, selection of sampling techniques and design
- CO3 Enable students to know how to collect data, process and analyze it using software through lectures and hands on experience on data handling
- CO4 Concept of how to write research project, thesis, term papers, dissertations, literature review, presentation of the same, referencing, citation etc.
- CO5 Hands on training on report writing, reference writing, making power point presentation, data processing and curation in spreadsheets, plagiarism check using online free resources

Course Registration and other details

- ✓ Link to Registration Form will be sent to all eligible students
- ✓ After registration to the course, students will receive confirmation by e-mail
- ✓ Lectures will be delivered both through online and offline mode
- ✓ Hands on training classes will be conducted through online tutorials and mobile applications and computer and laptop usage
- ✓ No Fee will be charged for the course
- ✓ Attendance will be taken in each class
- ✓ Students have to submit their assignments on or before the stipulated date and time
- ✓ Successful completion of the course is subject to attendance, submission of all assignments, MCQs and completion of mini-project by the students.
- ✓ Certificates will be provided to students after successful completion of the course.

Students' Feedback: At the end of each week through Google Form

“Research Methodology”

Instructional Hours: 30 hours excluding evaluation

Total: 36

Duration: 6 weeks

COURSE AT A GLANCE

Unit	Unit Title	No. of Hours of Theoretical Classes	No. of Hours of Practical Classes
I	Introduction Research Methodology	6	-

III	Data Analysis and Interpretation	6	-
IV	Research Writing and Presentation	6	-
V	Citation and Referencing	6	-
VI	Hands on Training of online free resource	-	6
	TOTAL HOURS (THEORY AND PRACTICAL)	30	6
	TOTAL CONTACT HOURS	36	
VI	Evaluation through assignment, MCQ		
VII	Report writing and power point presentation		

COURSE SYLLABUS

UNIT-I: INTRODUCTION TO RESEARCH METHODOLOGY

- 1.1. Basic concept: Definition, types, components, identification of research problem and hypothesis
- 1.2. Formulation of research questions and research approaches
- 1.3. Aims and objectives of research problem, detail concept of research planning
- 1.4 Research ethics: principles and guidelines, ethical process and approval
- 1.5 Video tutorials

UNIT-II: RESEARCH DESIGN AND SAMPLING

- 2.1. Concept of research design: Definition, components, types.
- 2.2 Literature review.
- 2.3 Methods of research design
- 2.4 Concept of sampling: Definition, components and types.
- 2.5 Survey and Questionnaire.

UNIT-III: DATA ANALYSIS AND INTERPRETATION

- 3.1 Concept of data: Types, primary and secondary data, real-time data
- 3.2 Data collection, processing and curation, Data collection process (in-vivo and in-vitro) and methods
- 3.3 Methods of data analysis, use of correct statistical tool to collected data
- 3.4 Interpretation of data and result outcome
- 3.5 Demonstration of data curation, processing and presentation in EXCEL and WORD.

UNIT-IV: RESEARCH WRITING AND PRESENTATION

- 4.1 Writing of research articles, reports and review.
- 4.2 Writing of research proposal: basic format and advanced writing following guidelines of Institutes and Universities.
- 4.3 Writing original research manuscripts.
- 4.4 Presentation of research work, project or term paper using power point presentation.

UNIT-V: CITATION AND REFERENCING

- 5.1 Citation of references in the text following different patterns of referencing
- 5.2 Referencing format of different styles.
- 5.3 Ethical issues of citation of tables and figures from published works
- 5.4 Use of different reference software available online including demonstration of MENDELAY

UNIT-VI: HANDS ON TRAINING

- 5.1 Writing reports in MS WORD.
- 5.2 Data compilation and processing in MS EXCEL.
- 5.3 Power point presentation in MS POWER POINT.
- 5.4 Reference manager software and plagiarism software.

N.B.: At the end of the course students will be provided with small data set and they will perform any one assigned practical using any one software apart from regular assignments and MCQs

Assessment:

Full Marks = 100

- | | |
|--|-----------------|
| 1. MCQ Questions at the end of each week | 20 marks |
| 2. Assignment 1: to be submitted at the end of Week 2: | 20 marks |
| 3. Assignment 2: to be submitted at the end of Week 4: | 20 marks |
| 4. Practical 1: Mini Project | 20 marks |
| 5. Practical 2: Power Point | 20 marks |

Grades:

<i>Grade</i>	<i>Percentage of marks secured</i>
A+	90% or above
A	80% to 89%
B+	70% to 79%
B	60% to 69%
C	40% to 59%
Not Qualified	less than 40%

- **Practical by students:** Each student has to solve and complete two practical problems using real-time data set using user friendly software. Separate data set will be provided to each student and the online practical report needs to be submitted in online platform

Rules and Regulations for the issue of certificates

- ✓ Submission of all MCQ Questions, Assignments and Practical on time is mandatory to receive the course certificate
- ✓ Students have to submit all assignments through Google Classroom/ Moodle on or before the stipulated date and time

- ✓ Successful completion of the course is subject to attendance, submission of all assignments, MCQs and completion of practical project by the students.
- ✓ Minimum 75% attendance is mandatory to receive the certificates
- ✓ Certificates will be provided to students after successful completion of the course.

3. Departmental Meeting and resolution:

Minutes of the Departmental Meeting held on 5th March 2024

A departmental meeting was held on March 5th 2024 at 11:30AM on a single agenda to discuss the modalities of Add-on course to be offered by the Department.

Members Present:

Dr. Moitreyee Chakrabarty	<i>Moitreyee Chakrabarty</i>
Dr. Tapajit Bhattacharya	<i>Tapajit Bhattacharya</i>
Ms. Nazma Khatun	
Dr. Sandip Majumder	<i>Sandip Majumder</i>
Dr. Rajib Biswas	<i>Rajib Biswas</i>
Dr. Alope Kumar Mukherjee	<i>Alope Kumar Mukherjee</i>
Shri Sanghmitra Sanyal	<i>Sanghmitra Sanyal</i>

Minutes:

1. The details about the Add-on courses to be offered by Department of Conservation Biology was discussed in detail.
2. It was decided that the department will offer three add-on courses:
 - a) Research Methodology
 - b) Ecological Modelling
 - c) Wildlife Monitoring
3. At first department will offer only add-on on Research Methodology as per instruction from the office of the principal
4. Accordingly, notice will be circulated to all departments along with registration link and flyer on 6th March 2024
5. The course will be taught by Dr. Moitreyee Chakrabarty (Course Co-ordinator), Dr. Tapajit Bhattacharya and Shri Sanghmitra Sanyal
6. A departmental gnomio class will be designed to carry out the online course and all material sharing and assessment platform will be the moodle class.
7. The course duration will be 30 hours and there will be three classes per week

Resolution: It was unanimously resolved that the course will start from March 7th and will continue till 20th April (6 weeks course). A Moodle platform will be designed and registered students will be enrolled accordingly. There will be one orientation class offline on 7th March and rest of the classes will continue online.

4. Summary of the Add-on Course on Research Methodology

- a) Offered to all UG and PG students of Durgapur Government College
- b) Year of introduction: 2023-2024
- c) Year of implementation: 2023-2024
- d) Duration of course: 6 Weeks with 30 contact hours
- e) Course Co-ordinator: Dr. Moitreyee Chakrabarty
- f) Course Instructors: Dr. Moitreyee Chakrabarty, Dr. Tapajit Bhattacharya and Shri Sanghmitra Sanyal
- g) Number of students registered: 32
- h) Number of students completed the course: 20
- i) All qualified the course after completing assignments and MCQ test and got a Grade of 'A'. The outcome of the course is mainly a thorough knowledge of several aspects of scientific research, including objective, research problem,

designing of research, different approaches, referencing and practical learning of writing manuscripts, research proposals and software related to plagiarism and referencing

5. Registration details of students:

Durgapur Government College

Accredited by NAAC with "A" Grade in 2017

Affiliated to Kazi Nazrul University | UGC 2(f) and 12(B) Recognized College

Add on Course on "Bioactivity through Computation"

March 07, 2024 to April 30, 2024

Offered by

Department of Chemistry
Durgapur Government College

Are you interested in computers and want to apply computation to study bioactivity of compounds?

**Have no ideas on “Data analysis”?
We have got “something special” for you**

Add on Course on “Bioactivity through Computation”

- ✓ After registration to the course, students will receive confirmation by e-mail
- ✓ Lectures will be delivered both through online and offline mode
- ✓ Hands on training classes will be conducted
- ✓ No Fee will be charged for the course
- ✓ Attendance will be taken in each class
- ✓ Students have to submit their assignments on or before the stipulated date and time
- ✓ The duration of the add on course will be 8 weeks with total 35 contact hours excluding assessment.
- ✓ Successful completion of the course is subject to attendance, MCQs and the student project submission by the students.
- ✓ Certificates and Grade Cards will be provided to students after successful completion of the course.

Syllabus

Contact Hours = **35 hours (Excluding Assessment)**; Duration: **8 Weeks**

Course Objectives

Use of Computers is inevitable in almost each and every field of education, especially for the science and technology. Computational studies has gradually emerged as an important branch to understand the fruitful interplay between the theory and experiments in research and industry. This initiative has been taken by the Department of Chemistry, Durgapur Government College to enable students use different software, online sites and analyze data, which will be required for their higher studies and will also make them industry ready in the field of Computational Chemistry and Computational Biology

Course Outcome

After completion of the course, students will be able to use different software for drawing chemical structures, feeding them to the online resources for the prediction of bioactivity of organic compounds

COURSE STRUCTURE

- Introduction to Computational Chemistry and Computational Biology and their significance in pharmaceutical industries.
- Hands on Experience on literature survey of biologically active compounds
- Hands on Experience on drawing structures of chemical compounds
- Hands on Experience on drawing structures of bioactive organic compounds
- Hands on Experience on generating mol and SMILES of bioactive organic compounds
- Submission of mol files to the Pass online software and determining the biological activities of the organic compounds
- Analysis of the determined biological activities of the organic compounds

Durgapur Government College

(Affiliated to Kazi Nazrul University, Asansol, West Bengal)

Accredited by NAAC with "A" Grade in 2017

(Recognized under Section 2(f) and 12(B) of UGC Act 1956)

BROCHURE

FOR

ADD ON COURSE ON

“Bioactivity through Computation”

Eligibility

[Undergraduate and Post-Graduate students of Departments of Botany, Chemistry, Conservation Biology, Geology, Mathematics, Physics and Zoology]

OFFERED BY

DEPARTMENT OF CHEMISTRY

DURGAPUR GOVERNMENT COLLEGE

Duration: 8 Weeks

Contact Hours: 35 hours (Excluding the Assessment)

Course Objectives

Use of Computers is inevitable in almost each and every field of education, especially for the science and technology. Computational studies has gradually emerged as an important branch to understand the fruitful interplay between the theory and experiments in research and industry. This initiative has been taken by the Durgapur Government College to enable students use different software, online sites and analyze data, which will be required for their higher studies and will also make them industry ready. Computational Chemistry and Computational Biology are not included in the prescribed University Curriculum and hence the institution aims to provide this course to bridge the curricular gap so that the students can be trained to use computers while pursuing their higher studies in biological and chemical sciences.

Course Outcomes

- C01** Knowledge on bioactivity of organic compounds
- C02** Procedure of literature survey of research articles and reviews
- C03** Identifying bioactive organic compounds
- C04** Using Chem Draw Software to draw structures of organic compounds
- C05** Generating mol file of organic compounds by using Chem Draw Software
- C06** Feeding mol file of organic compounds to Pass Online Portal
- C07** Analyzing the results obtained on the bioactivity from the PassOnline Portal
- C08** Presentation of project by preparing power-point presentation

Course Registration and other details

- ✓ Link to Registration Form will be sent to all eligible students
- ✓ After registration to the course, students will receive confirmation by e-mail
- ✓ Lectures will be delivered both through online and offline mode
- ✓ Hands on training classes will be conducted
- ✓ No Fee will be charged for the course
- ✓ Attendance will be taken in each class
- ✓ Students have to submit their assignments on or before the stipulated date and time
- ✓ Successful completion of the course is subject to attendance, submission of all assignments, MCQs and completion of mini-project by the students.
- ✓ Certificates will be provided to students after successful completion of the course.

Assessment :

Full Marks = 100

- | | |
|-------------------------|-----------------|
| 1. Written Examination | 30 marks |
| 2. Project Submission | 40 marks |
| 3. Project Presentation | 30 marks |

Grades:

<i>Grade</i>	<i>Percentage of marks secured</i>
A+	90% or above
A	80% to 89%
B+	70% to 79%
B	60% to 69%
C	40% to 59%
Not Qualified	less than 40%

COURSE STRUCTURE

Introduction to Computational Chemistry and Computational Biology and their significance in pharmaceutical industries.

5 lectures (each of 1 hour duration)

General Introduction to bioactive organic compounds and their significance in our daily life, Effects of structure on the biological activities of organic compounds, Overview of Quantitative structure-activity relationships (QSAR) in pharmaceutical industries and the use of computers for prediction of biological activity of organic compounds

Hands on Experience on literature survey of biologically active compounds

5 lectures/practical classes (each of 1 hour duration)

Using National Library of Medicine (National Center for Biotechnology Information) to search the organic compounds which have biological activity. Identification of potent biologically active organic compounds having antiviral, anti-inflammatory, antimalarial, antibacterial, antidepressant and anticonvulsant properties. Identification of bioactive organic compounds present in fruits, vegetables and spices.

Hands on Experience on drawing structures of chemical compounds

5 lectures/practical classes (each of 1 hour duration)

Using ACD labs Freeware Chem Sketch with the Chem Draw version to draw the structures of alkanes, alkenes, alkynes, aromatic compounds, bicyclic, polycyclic and spirocyclic compounds, nitrogen containing compounds, sulphur containing compounds.

Hands on Experience on drawing structures of bioactive organic compounds

5 lectures/practical classes (each of 1 hour duration)

Using ACD labs Freeware Chem Sketch with the Chem Draw version to draw the structure of amino acids, carbohydrates, nucleotides, nucleosides, Vitamins, folic acid, alkaloids and terpenoids

Hands on Experience on generating mol and SMILES of bioactive organic compounds

5 lectures/practical classes (each of 1 hour duration)

Using Chem Draw version to generate mol files, SMILES files, chem draw files of bioactive organic compounds and studying the text files of these file types of the bioactive organic compounds

Submission of mol files to the Pass online software and determining the biological activities of the organic compounds

5 lectures/practical classes (each of 1 hour duration)

Submission of the generated mol files of bioactive organic compounds to the Pass online software and determining the biological activities of the organic compounds.

Analysis of the determined biological activities of the organic compounds

5 lectures/practical classes (each of 1 hour duration)

Analysis of the determined biological activities of the organic compounds and explaining their effects and utilities in pharmaceutical industries.

ASSESSMENT

- **Written Examination**
- **Preparation of project by students:** Each student has to prepare a complete analysis report on any one bioactive organic compound. The project report should include literature survey for the compound, reason for its identification, drawing of the chemical structure, preparation of the mol file, and determination of the biological activity using Pass online software
- **Presentation of the mini project** using power-point presentation for assessment

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

Summary Report of "Add Course on Bioactivity through Computation" offered by Department of Chemistry, Durgapur Government College

Offered to: All UG and PG students of Durgapur Government College

Duration of course: 35 hours; 8 weeks

Year of introduction: 2023-24

Duration of implementation: 07-03-2024 to 30-04-2024

Course coordinator: Dr. Nivedita Acharjee (Assistant Professor, Department of Chemistry, Durgapur Government College) and Dr. Snigdha Chandra (Associate Professor and Head, Department of Chemistry, Durgapur Government College)

External Expert for Evaluation of the Projects: Dr. Paresh Nath Chatterjee, Associate Professor, National Institute of Technology (NIT), Durgapur

Number of students enrolled: 26

Number of students qualified: 26

Mode of Instruction:

- Blended Mode (Offline and Online)
- Practical Training in Computer Laboratory

Course outcome:

After completion of the course, students will be able to use different software for drawing chemical structures, feeding them to the online resources for the prediction of bioactivity of organic compounds. Students prepared their respective projects and presented their projects online and presented. These project presentations were uploaded in the Youtube Channel of the Department.

- The Course will be conducted in blended mode.
- Students must attend all the assessments that have been scheduled to be eligible for certification.
- Total marks of assessments will be 100 marks (Written Examination-50, Project preparation & Submission-50).
- Minimum 40% has to be scored to receive any certificate. There will be any one attempt allowed for assessment. No provision for backlog clearance.

Table for Qualification

Score on 100% points	Grade
90 to 100	A+ → Outstanding
80 to 89	A → Excellent
70 to 79	B+ → Very Good
60 to 69	B → Good
40 to 59	C → Fair
<40	F → Not Qualified

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

3. Summary Report of Add Course on “RabindraJiboner Nana Dik”

Offered to: All UG and PG students of Durgapur Government College

Duration of course: 32 hours

Year of introduction: 2023-24

Year of implementation: 2023-24

Course coordinator: JayantiSaha&Ishani Roy

Course instructors: JayantiSaha

Number of students enrolled: 49

Number of students Qualified: 34

Course outcome:

To know Rabindranath Completely, one needs to be familiar with various aspects of Rabindranath's life. Knowing these aspects, students can educate themselves and make themselves suitable for research and those who are interested in doing handcrafts will be able to build their future life by learning handcrafts.

FOR

ADD ON COURSE ON

**“Basic Statistics: Data Collection, Presentation and
Understanding Data Characteristics”**

Eligibility
*Undergraduate Students of Arts and
Science Discipline*

**OFFERED BY
DEPARTMENT OF ECONOMICS
DURGAPUR GOVERNMENT
COLLEGE**

Course Coordinator

Dr. Nisith Mondal

Assistant Professor

Department of Economics

Durgapur Government College

Duration: 7 Weeks

**Contact
Hours:** 30 hours (Excluding the Assessment)

–Course Objectives

Data are numerical facts that emerge from any sphere of human experience. Statistics helps us the process this data into useful information. The course aims to enable the students to gain rudimentary knowledge regarding different statistical methods of data collection, presentation and understanding basic data characteristics. This initiative has been taken by the Durgapur Government College will be helpful to the students in their higher studies and will also make them industry ready. Basic Statistics is not included in the prescribed University Curriculum of all arts discipline and in some science disciplines. Hence, the institution aims to provide this course to bridge the curricular gap so that the students can be trained to use statistics while pursuing their higher studies or be industry ready.

Course Outcomes

CO1: Knowledge on basic statistics and its application in various fields

CO2: Knowledge on importance of statistics in collection, presentation, analysis and interpretation of numerical data

CO3: Ability to design an appropriate questionnaire for surveys

CO4: Ability to represent data using tables and charts

CO5: Ability to explain data using charts

CO6: Knowledge on central tendency and dispersion

CO7: Calculate central value and dispersion for a given dataset

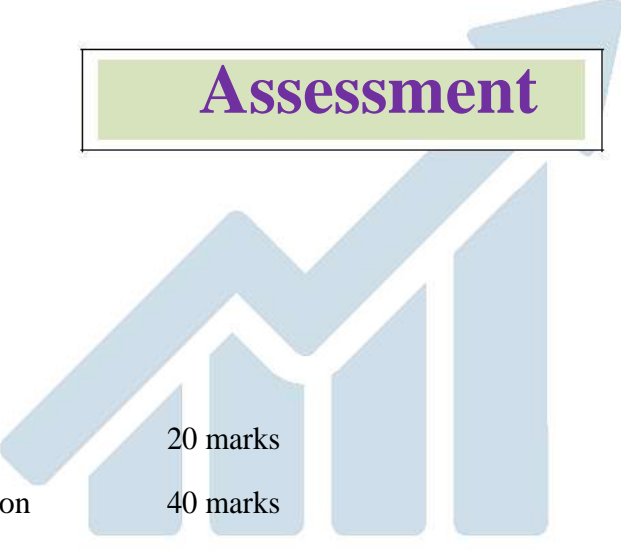

CO8: Compare two given datasets

Course Registration and other details

- Link to Registration Form will be sent to all eligible students**
- After registration to the course, students will receive confirmation by e-mail**
- Lectures will be delivered both through online and offline mode**
- No Fee will be charged for the course**
- Attendance will be taken in each class**
- Students have to submit their assignments on or before the stipulated date and time**
- Successful completion of the course is subject to attendance, submission of all assignments, MCQs and completion of mini-project by the students.**
- Certificates will be provided to students after successful completion of the course.**

Assessment

Full Marks = 100

- 
- | | | |
|----|--------------------|----------|
| 1. | MCQ Questions | 20 marks |
| 2. | Project Submission | 40 marks |
| 3. | Assignments | 40 marks |

Grades

Grade	Percentage of marks secured
A+	90% or above
A	80% to 89%
B+	70% to 79%
B	60% to 69%
C	40% to 59%
Not Qualified	less than 40%

Course Structure

Introduction to Statistics

5 lectures (Each of 1 hour duration)

Meaning of data, definition of statistics, importance and scope of statistics, dual meaning of statistics.

Collection of Data

5 lectures (Each of 1 hour duration)

Types of data, primary and secondary data, methods of collecting primary data and secondary data, qualitative and quantitative data, drafting a good questionnaire, sampling.

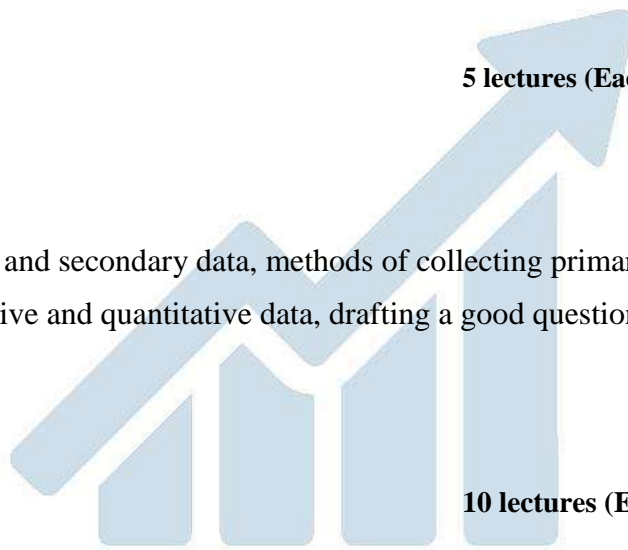

Presentation of Data

10 lectures (Each of 1 hour duration)

Tabular presentation of data, parts of a statistical table, advantages of tabulation over textual presentation, frequency distribution table, advantages and disadvantages of diagrammatic representation, types of charts and diagrams.

Measures of Central Tendency

5 lectures (Each of 1 hour duration)

Meaning of average, different measures of average, mean, median, mode, comparing datasets using average.

Measures of Dispersion

5 lectures (Each of 1 hour duration)

Meaning of dispersion, range, variance, standard deviation, comparing datasets using dispersion.

Summary Report of Add Course on “Basic Statistics: Data Collection, Presentation and Understanding Data Characteristics”:

1. Offered to: Undergraduate Students of Arts and
Science Discipline
2. Duration of course: 30 hours
3. Year of introduction: 2023-24
4. Course coordinator: Dr. Nisith Mondal
5. Course instructor: Dr. Nisith Mondal
6. Number of students enrolled: 82
7. Number of students Qualified: 47

Add-On Course

In

Applied English

(Academic Session 2023-24)

Offered by:

Department of English

Durgapur Government College

Durgapur, West Bengal

Course Coordinators:

Dr. Anindita Chatterjee, Associate Professor, Department of English

Dr Nilanjana Chatterjee Das, Assistant Professor, Department of English

<i>Course Title:</i>	Applied English
<i>Departments offering the Course:</i>	Department of English
<i>Course Coordinators:</i>	-Dr. Anindita Chatterjee, Associate Professor, Department of English -Dr. Nilanjana Chatterjee, Assistant Professor, Department of English
<i>Who can apply:</i>	Bona fide Students of Durgapur Government College.
<i>Teaching Hours:</i>	32 hours
<i>Evaluation Method:</i>	Written Tests and Assignments

OVERVIEW: The Add on Course on Applied English is a uniquely designed program to develop English language skills, speaking and writing ability, as well as provide students with effective interactive communication skills, critical thinking, and the ability to analyze language components and systems and semantics. This course on Applied English is designed to equip students with language skills necessary to be successful in life. One of the primary goals of the course is to get students develop their creativity and analytical skills. The course includes practical lessons to address the need to acquire English communication skills for specific purposes such as; media, law, business management, hotel management, and secretarial work. The course would focus on improving students' competencies in order to enable them to excel in the fields of teaching, media and administrative jobs and other sectors.

VISION: The Department of English, Durgapur Government College strives to provide teaching learning experience of the highest quality in order to help students acquire the competence to address the

contemporary challenges. Additionally, the department is dedicated to the promotion of advanced research in English studies. The add on course in Applied English aspires to promote knowledge and understanding of the English language from both theoretical and applied perspectives and to provide students with the education necessary to become highly competent professionals, whose teaching, training and performance covers all skill areas in a variety of settings and for various occupational purposes.

MISSION: The mission of the add on course on Applied English is to enhance employability among students. It intends to promote better knowledge and understanding of the English language from both theoretical and applied perspectives and to provide students with the education necessary to become highly competent professionals in later life.

OBJECTIVES The Add on course on Applied English would aim at focusing on the link between theory and practice as well as student-based teaching.

Course Learning Outcomes:

1. To develop an understanding of language functions in the students.
2. Help students acquire the four primary language skills (listening, speaking, reading and writing) and their use within academic, professional, and general life contexts to the optimum in informal and formal settings.
3. To enhance and develop the power of communication through composition and conversational skills.
4. Equip students with the basic strategies that are essential for English communication.

Meeting by chance: Encounter with the star Jeetu Kamal

The world is so unpredictable. Things happen suddenly, unexpectedly. Now that I'm thinking if I had done my shopping two days earlier I might not be able to brag about meeting with the renowned Jeetu Kamal.

After spending my mundane holidays at home I was not willing to leave my cocoon but was forced to go for some shopping. I went to Smart Bazar which is just 5 minutes walk from my house. It was evening and the road was quite busy. It was unusually crowded. Without paying much attention on these unusual hustle bustles I entered into the shopping mall. After entering I sensed a buzzing excitement in every corner. 'Is it a sale with flat 50% off?' I wondered. I asked a nearby employee about the ongoing. My question left him both started and confused for a while. After few seconds, he answered 'Oh! It seems like you don't know that the famous Jeetu Kamal has come for launching a product. He is...'. I interrupted him as I caught the sight of a really tall figure at the distance. He was surrounded by a large crowd. The event had ended as he was on his way to leave. I am not at all a blind Bollywood fan but I remembered the mesmerizing experience of watching 'Aparajita: a biography of Satyajit Roy' with my family which was maybe the last Bengali film I had seen. Though I wanted to meet him face to face the crowd was so thick that I couldn't move any further. He was chatting with his fans. It was really amusing that so many people had come to see him, to share their love and appreciation with him. Suddenly an idea came to me. The great crowd was moving slowly towards the exit gate. I quickly reached at the point and started waiting. It took all most 15 minutes when Jeetu Kamal finally arrived in front of me. I stretched my hand towards him. He gladly shook my hand although he was leaving. His bright smile filled me with enthusiasm. I was extremely happy. He didn't seem irritated rather more lively by receiving all the love and care from his admirers. He might not be my favourite celebrity but he is the first one I have ever met. Generally I used to avoid such meet and greet moments with celebrities due to the dense crowd. But this coincidence really changed my perception towards such events in a positive way.

Such a brief period of encounter with the popular star had left such a strong influence on me that I had completely forgotten the purpose of my visit to the mall.

Sample Project on Personal Blog

NAME -DEBLEENA SINHA REG NO-105231210227 ROLL NO- 10501111-230080 DEPT- ENGH
SEM :- 2nd semester Session :- 2023-24

Annual College Fest

Debleena :- "Good evening ladies and gentlemen."

Archita :- "On the beautiful evening of glittering star and blue sky."

Debleena :- "Myself Debleena Sinha from English department along with my co-host, my dearest friend Archita Mahanty we are here to extend our warm Cordial welcome to the college Annual fest."

Archita :- "We are excited to be your emcees for this grand evening, brimming with zeal and celebration."

Debleena :- "Exactly! A day of recognition, merry making and enjoyment. Let's make the evening ball rolling with a memorizing dance performance by English department."

Archita :- "So without any further delay let's kick off the event."

After performance ."

Debleena :- "Wow! what a spectacular performance to open the evening . Let's give a round of applause for our brilliant students."

Archita :- "This was quite and crackerjack start ! Truly set the tone for the day wouldn't you agree, Debleena?"

Debleena :- "Yes absolutely thank you for such an energetic start but the excitement doesn't stop here."

Archita :- "Now let's welcome our senior individuals from 4th and 6 semester from English department to the stage."

(Repeat these pattern of performances)

Debleena :- "Wish your are having a thrilling day aren't we Archita."

Archita :- "Absolutely debleena and the best part is not over here. Let move on to our next excitement segment."

Debleena :- "Yes now you begin with award ceremony starting with the best performance in the academic year ."

Archita :- "To do the owner may I invite our HOD mam Dr Anindita Chatterjee on stage."

(Repeat this pattern for other award categories)

Debleena :- "What an accelerating evening it has been. As all good things have an end we do also reach a conclusion to the today's event."

Archita :- "Indeed debleena. It is been an evening filled with accurate performances it's been a day filled with unforgettable moments and admirable performances."

Debleena :- "Would like to extend our heartfelt thanks to all the awardest performance performers and the unshakable backstage crew to make this event a success and of course or wonderful audience for making the evening to the special."

Archita :- "It's time for us to sign off form this doesn't event."

Debleena :- "Thank you for being a part of this event have a wonderful evening ahead."

Archita :- "Until next time goodbye and take care."

Add-on Course on Statistical methods and computer applications in Natural Sciences

Organized by

Department of Geology,
Durgapur Government College

7th March-25th May, 2024
Total lecture hours - 35

TARGET AUDIENCE

UG and PG students of Geology and UG students of Chemistry, Zoology, and Botany departments of Durgapur Government College

LEARNING OUTCOMES

- **Data Analysis and Visualization Skills-**
Ability to collect, process, and analyze geological and environmental data using various software tools.
- **Modeling and Simulation Competence-**
Understanding and application of computer models and simulations to study natural processes.
- **Critical Thinking and Problem-Solving-**
Development of critical thinking skills to assess and solve complex problems in different branches of Natural sciences using computer applications.
- **Interdisciplinary Integration-**
Integration of computer applications with other disciplines, fostering a holistic understanding of complex natural systems.
- **Communication Skills-**
Ability to communicate scientific findings effectively through written reports, presentations, and visualizations.

ABOUT THE COURSE

It is our great pleasure to announce the add-on training course on “Statistical methods and computer applications in Natural Sciences”. The program envisions hands on training on statistical techniques and related computer applications in different branches of Natural Sciences, aiming to enhance the ability of the students to resolve the complex natural processes.

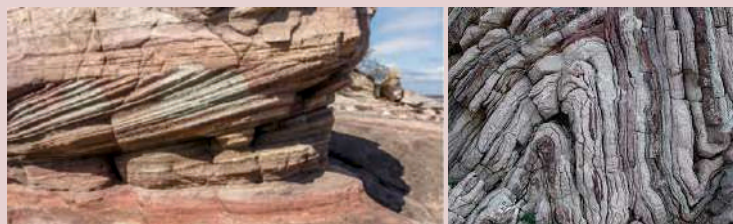

COURSE COORDINATORS

- Dr. Saradee Sengupta, Assistant professor of Geology, Durgapur Government College
- Dr. Proloy Ganguly, Assistant professor of Geology, Durgapur Government College

Add-on Course on Statistical methods and computer applications in Natural Sciences

Organized by

Department of Geology,
Durgapur Government College

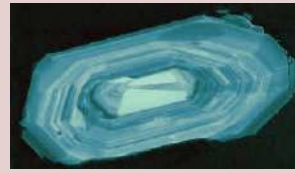

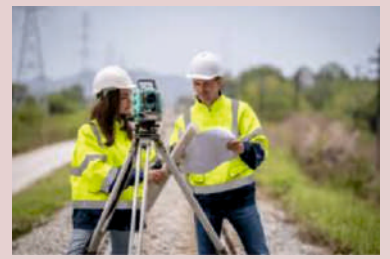

Name of the resource person	Course content	Date & time	Lecture hour(s)
Principal Durgapur Government College Head of Geology Department Durgapur Government College	Introduction to the add-on course	07.03.2024	1 hour (offline)
Dr. M. K. Devrajan Senior Mineral Exploration Consultant	Importance of proper collection, organisation, and documentation of data, Sample size, Data analysis, and interpretation, Basic Statistics with hands-on exercises using Excel, Project Work	16.03.2024 to 17.03.2024, 30.03.2024 01.04.2024 & 06.04.2024 6 pm to 7 pm	6 classes each of 1 hour (online)
Dr. Pritha Goswami Assistant Professor Durgapur Government College	Basics of Statistical analysis and use of software in Palaeontological data analysis	03.04.2024 08.04.2024 & 09.04.2024	3 classes each of 2 hours (offline)
Dr. Sanghita Dasgupta Malavya Post Doctoral Fellow Banaras Hindu University	Introduction and hands-on training on Adobe Illustrator	25.03.2024 & 26.03.2024 7 pm to 8 pm	2 classes each of 1 hour (online)
Dr. Suchana Taral Assistant Professor Pondicherry University	Field data collection and statistical analysis in sedimentology	27.03.2024 & 29.03.2024 7 pm to 8 pm	2 classes each of 1 hour (online)
Dr. Sujoy Dasgupta Assistant Professor Jogomaya Devi College	Concept of Stereonet, plotting of lines and planes, Introduction and hands-on training on Stereoplot	01.04.2024 to 04.04.2024, 8 pm to 9 pm	4 classes each of 1 hour (online)

Add-on Course on Statistical methods and computer applications in Natural Sciences

Organized by

Department of Geology,
Durgapur Government College

Name of the resource person

Course content

Date & time

Lecture hour(s)

Dr. Rwiti Basu
Assistant Professor
Asutosh College

Introduction and hands-on training on Global Mapper and its Usage

08.04.2024
&
09.04.2024,
8 pm to 9 pm

2 classes each of 1 hour (online)

Dr. Saradee Sengupta
Assistant Professor
Durgapur Government College

How to collect data from fossils bones, Introduction and hands-on training on TNT and Mesquite

24.04.2024
&
25.04.2024
7 pm to 8 pm

2 classes each of 1 hour (online)

Dr. Proloy Ganguly
Assistant Professor
Durgapur Government College

Plotting and interpretation of geochemical and geochronological data by GCD kit and Isoplot, Phase diagram modeling by Perple_X

27.04.2024
&
28.04.2024,
5 pm to 7 pm

2 classes each of 2 hours (online)

Dr. Dola Chakraborty
Assistant Professor
Durgapur Government College

Basics of Statistical analysis for sedimentological studies in coastal areas along with basics of uses of theodolite in surveying

29.04.2024
to
30.04.2024
5 pm to 7 pm

2 classes each of 2 hours (online)

Dr. Supratim Pal
Associate Professor
Durgapur Government College

Application of data processing for preparing logical and meaningful reports/contents in Geology

03.05.2024
5 pm to 7 pm

1 class of 2 hours (online)

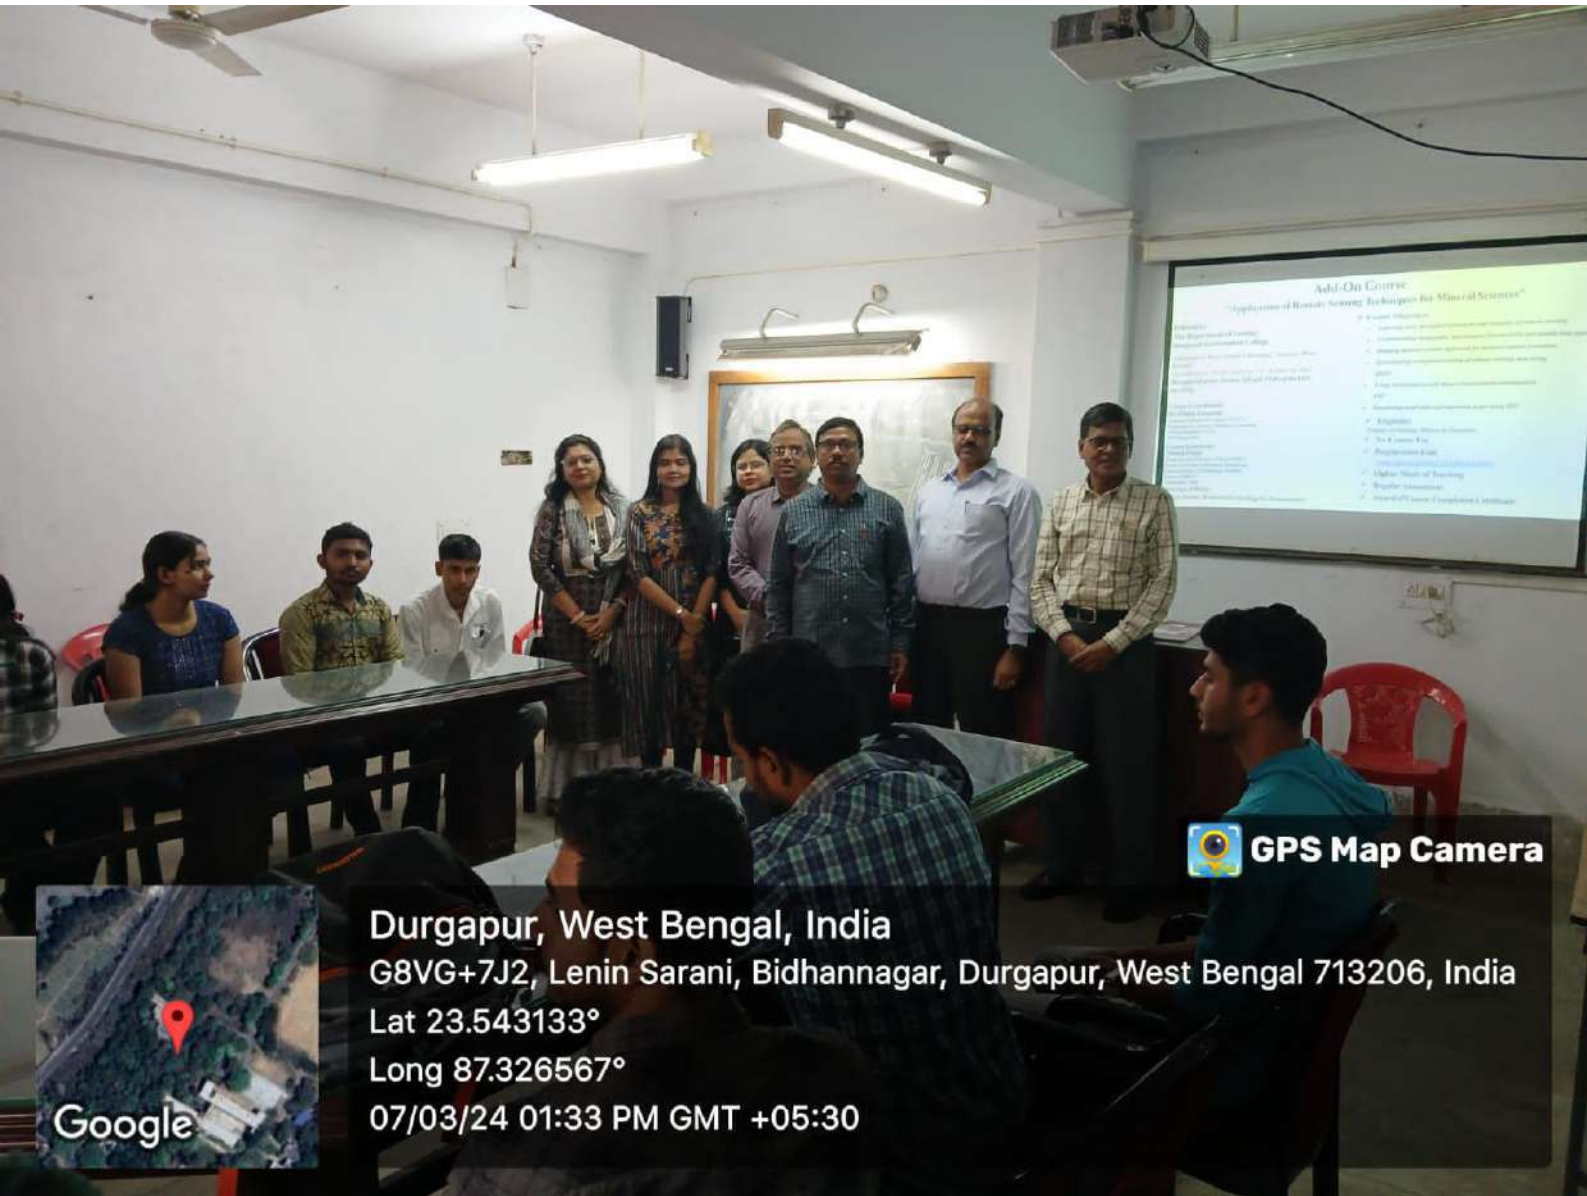

Assessment of the participants will be done through MCQ test at the end of the course.

Add-On Course

“Application of Remote Sensing Techniques for Mineral Sciences”

Offered by

**The Department of Geology
Durgapur Government College**

(Affiliated to Kazi Nazrul University, Asansol, West Bengal)

**Accredited by NAAC with an “A” Grade in 2017
(Recognized under Section 2(f) and 12(B) of the UGC Act 1956)**

Course Coordinator:

Dr. Pritha Goswami

Assistant Professor in Geology (W.B.E.S.)
Department of Geology Durgapur Government
College Durgapur-713212
West Bengal, India

Course Instructor:

Shanta Panja

Prime Minister Research Fellow (PMRF)
Centre for Studies in Resources Engineering
Indian Institute of Technology, Bombay
Mumbai-400076
Maharashtra, India

Duration: 4 Weeks

Contact Hours: 30 hours (Excluding the Assessment)

❖ Course Objectives

- *Learning basic geological processes and concepts of remote sensing*
- *Understanding Geographic Information System (GIS) and spatial data types*
- *Studying mineral systems approach for mineral deposit formation*
- *Downloading and preprocessing of remote sensing data using QGIS*
- *Using interpolation and image enhancement techniques in GIS*
- *Generating band ratio and alteration maps using GIS*

✓ Eligibility

Students of Geology, Physics & Chemistry

✓ No Course Fee

✓ Registration Link

<https://forms.gle/tPUCYTUB9LmXeE9c9>

✓ Online Mode of Teaching

✓ Regular Assessment

✓ Award of Course Completion Certificate

Durgapur Government College

(Affiliated to Kazi Nazrul University, Asansol, West Bengal)

Accredited by NAAC with an "A" Grade in 2017

(Recognized under Section 2(f) and 12(B) of UGC Act 1956)

Eligibility

[Students of Geology, Physics and Chemistry]

OFFERED BY

DEPARTMENT OF GEOLOGY

DURGAPUR GOVERNMENT COLLEGE

Duration: 4 Weeks

Contact Hours: 30 hours (Excluding the Assessment)

Course Objectives

Remote sensing is an emerging technology. It is used extensively in planning, decision making and cost-effectively managing our resources. It is also increasingly used as a reconnaissance survey method to find prospective target areas for mineral deposits based on the physical and chemical properties shown by the minerals and their pathfinders in the electromagnetic spectrum. Durgapur Government College has undertaken this initiative to enable students to learn the software, use online sites, and analyze remote sensing data, which will be required for their higher studies and will also give them a glimpse into how these studies are applicable in the mineral exploration industries. The rationale and use of remote sensing for mineral exploration requires an elaborate interdisciplinary study using the principles of physics, chemistry, and geology. Hence the institute aims to provide this course for the students of B.Sc. Honors and M.Sc. in Geology, B.Sc. Honors and B.Sc. programs in Chemistry and B.Sc. Honors and B.Sc. programs in Physics, so students can use the sites and software efficiently to download the data and analyze and process the remote sensing datasets.

Course Outcomes

- CO1** Learning basic geological processes and concepts of remote sensing
- CO2** Understanding Geographic Information System (GIS) and spatial data types
- CO3** Studying mineral systems approach for mineral deposit formation
- CO4** Downloading and preprocessing of remote sensing data using QGIS
- CO5** Using interpolation and image enhancement techniques in GIS
- CO6** Generating band ratio and alteration maps using GIS

Course Registration and other details

- ✓ Registration Link: <https://forms.gle/tPUCYTUB9LmXeE9c9>
- ✓ After registration to the course, students will receive a confirmation by e-mail
- ✓ Lectures will be delivered through online mode
- ✓ Hands-on training classes will be conducted
- ✓ No Fee will be charged for the course
- ✓ Attendance will be taken in each class
- ✓ Students have to submit their assignments on or before the stipulated date and time
- ✓ Successful course completion is subject to attendance, submission of all the assignments and MCQs
- ✓ Certificates will be provided to students after successful completion of the course

Assessment:

Full Marks = 100

- | | |
|---------------------|----------|
| 1. MCQ Questions | 50 marks |
| 2. Assignment | 40 marks |
| 3. Class Attendance | 10 marks |

Grades:

<i>Grades</i>	<i>Percentage of marks secured</i>
A+	90% or above
A	80% to 89%
B+	70% to 79%
B	60% to 69%
C	40% to 59%
Not Qualified	less than 40%

Mode of Teaching:

The lectures will be held in online mode via Google Meet. The timings of the lecture will follow the given schedule *:

<i>Day</i>	<i>Timings</i>
Monday	7.30-9.00 P.M.
Wednesday	7.30-9.00 P.M.
Thursday	7.30-9.00 P.M.
Saturday	10.30-11.00 A.M.

*N.B.: The practical classes will be of two hours duration.

For example, if a practical class is scheduled on Monday, the class timings will be 7.30-9.30 P.M. on that day.

The days on which the practical classes will be held will be announced later in the class.

COURSE STRUCTURE

Understanding the basic geological concepts and the formation of economic mineral deposits in the light of the mineral systems approach

2 lectures (each of 1 $\frac{1}{2}$ -hour duration)

Structure and composition of the Earth; Geological time scale and evolution of plate tectonics; Types of rocks: their formation, classification and composition; Silicates and major rock-forming minerals; Basics of structural geology; Classification of economic mineral deposits; Formation of mineral deposits: Basic introduction to minerals systems approach

Rationale of geographical information system (GIS) in mineral exploration and data processing in GIS

4 lectures (each of 1 $\frac{1}{2}$ -hour duration)

Types of spatial data – Raster and Vector; Conversion of raster to vector and vector to raster; Concepts of datum, geographic projections: WGS, UTM and conversion of WGS to UTM and vice versa; Querying in GIS; Reclassification of data; Density estimation; Distance estimation; Interpolation techniques in GIS (Triangulation, Natural Neighbours, IDW and Kriging)

Basic introduction to the geoportals, introduction to QGIS and basic data processing in QGIS

3 practical classes (each of 2-hour duration)

Introduction to various geoportals; Downloading raster and vector datasets from the geoportals; Conversion from raster to vector and vice versa; Projection of datasets in WGS and UTM; Querying datasets in GIS; Reclassification; Density estimation, distance estimation and creating buffers; Interpolation of data; Overlaying datasets for identification of target areas

Basic principles of remote sensing and its use in mineral exploration

6 lectures (each of 1 $\frac{1}{2}$ -hour duration)

Concept of electromagnetic spectrum; Basic principles of remote sensing and concepts of spatial, spectral, temporal and radiometric resolutions; Atmospheric correction and preprocessing of the remote sensing datasets; Mapping of geological structures using remote sensing datasets (concepts of high and low pass filtering techniques); Band ratios (NDVI, NDSI, NDWI etc.); Alteration mapping (Iron Index; Argillic-Kaolinite Index, Sericite-Smectite Index, Carbonate-Propylitic Index) and its uses in mineral exploration

Processing of the remote sensing datasets

3 practical classes (each of 2-hour duration)

Atmospheric correction and applying image enhancement techniques (preprocessing of the remote sensing datasets, applying high- and low-pass filters); Creating band ratio images (NDVI, NDWI, NDSI, etc.); Creation of alteration index images (Iron Index; Argillic-Kaolinite Index, Sericite-Smectite Index; Carbonate-Propylitic Index) for mineral exploration

ASSESSMENT

- **Multiple Choice Questions**
- **Assignments:** Each student has to complete and submit the assignments on time given to them
- **Class Attendance**

*Minutes of the meeting on the conduction of add-on courses in the Department of Geology,
Durgapur Government College*

Date and time- 29.01.2024, 04.30 pm + 30.01.2024, 4.00 PM

Venue – Department of Geology

Agenda – To discuss about the conduction of add-on courses by Department of Geology,
Durgapur Government College.

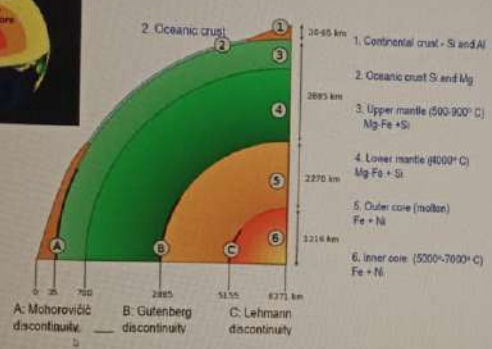

Members present

1. Prof. Subrata Ghosh *S.G. Ghosh 29.1.24*
2. Prof. Supratim pal *Supratim Pal 29/1/24*
3. Prof. Prabal Kr. Chattopadhyay *P. K. Chattopadhyay*
4. Prof. Saradee Sengupta (course co-ordinator) *Saradee Sengupta 29.01.2024*
5. Prof. Dola Chakraborty *Dola Chakraborty*
6. Prof. Pritha Goswami (course co-ordinator) *Pritha Goswami 29/1/2024*
7. Prof. Pinaki Roy *Pinaki Roy 29.01.24*
8. Prof. Bikas Saha *Bikas Saha 29/01/24*
9. Prof. Proloy Ganguly (course co-ordinator) *Proloy Ganguly 29.01.24*

The meeting was called by Prof. Subrata Ghosh, Head of Geology Department in order to discuss on the induction of add-on courses in the Department of Geology. All the aforesaid members were present in the meeting. Prof. Proloy Ganguly and Prof. Saradee Sengupta proposed one add-on course on “**Statistical Methods and Computer Applications in Natural Sciences**”. Prof. Pritha Goswami Additionally suggested another add-on course on “**Application of Remote Sensing Techniques for Mineral Sciences**”. All the faculty members agreed that both the add-on courses would help the students to explore new ideas in recent developments in the Geoscience. Detailed discussion on the syllabus and the resource persons to be involved in the aforesaid add-on courses were discussed by the faculty members. It was decided that following the add-on courses, online/offline test will be conducted. Prof. Subrata Ghosh thanked all the members for their active participation in the meeting. The meeting concluded at 05:00 pm.

1. Flyer: Add on Course on MS-OFFICE: Introduction from Basic to Advanced:

The flyer is a promotional graphic for an add-on course. It features a light blue background with water droplet graphics. At the top center is the college logo. The text is organized into several sections: 'Who Can Apply?' on the left, 'Registration Link' below it, 'Course Coordinator(s)' at the bottom left, and 'Course Design' on the right. The central part contains the course title and dates. A central graphic shows the Microsoft Office logo and icons for PowerPoint, Word, and Excel.

Who Can Apply?
All Students of UG & PG
Departments of Durgapur
Government College

MS-OFFICE: Introduction
from Basic to Advanced**
From: March 07, 2024 to May 31, 2024

Course Design

Course Title: MS-OFFICE: Introduction from Basic to Advanced

Course Duration: 30 Hours
(Theory 15 Hours & Practical 15 Hours)

Course Fee: NIL

Intake Capacity: 40

Modality of Evaluation:

1. Students must attend all the assessments.
2. Total marks of assessments will be 100 marks.
3. Students must attend minimum 75% classes to receive any certificate

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

2. Brochure: Add on Course on MS-OFFICE: Introduction from Basic to Advanced:

INTRODUCTION

SL. NO.	TITLE	CONTENT
1	Context	In order to meet the demand of Under Graduate level students entering into the next phase of higher education.
2	Prerequisite	current under graduate students with basic understanding of Microsoft office & Programming as a medium of communication.
3	Course objective	The course is a step towards preparing the learners to encounter Situations with confidence.
4	Program highlights and unique features	The syllabus for the program has been designed in a learner centric pedagogic mode with a view to enriching the students entering the broader aspects of life. The students will be able to make the most of the opportunity of tertiary education and realize their full potential.
5	Career prospect	Enhancement of employability of widening of scope in vocational life in this new Competitive and globalized world.
6	Faculty requirements	Internal (Dept. of Mathematics).
7	Modern pedagogy	Flitted model of learning & continuous and comprehensive Evaluation.
8	Course fee	Nil.
9	Intake capacity	Max 25 students per group.
10	Contact hours	30 hrs.
11	Course duration	Classes: One class: 1 hr. One day: 2 classes One week: 2 Days Classes: 15 Days Final Assessment: 16 th Day Total Course duration: 8 weeks/30 hrs.
12	Tutorial	If required to be adjusted with lesson plan.
13	Course Content	Detailed course content attached herewith
14	Course outcome	The expected outcome of course will be to make the students competent communicators in Microsoft Office. It aims to develop in the learners the ability to understand in a wide range of contexts and to look for employment in the modern globalized world.
15	Assessment process and grading	i) Attendance ii) Continuous assessment. iii) Project based assessment. iv) Practical test. v) Viva – voce.

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

Word, Excel, PowerPoint: a basic introduction

Instructional Hours: 30 hours (Theory and Practical)

Course Overview: The Course will cover basic to advanced topics of Microsoft Office package – word, excel, power point will be conducted as hands on sessions.

COURSE AT A GLANCE

MS-WORD:

UNITS	MODULE
1	Text Basics <ul style="list-style-type: none">• Typing the text, Alignment of text,• Editing text: Cut, copy, paste, clear, select all
2	Text Formatting and saving file <ul style="list-style-type: none">• New, Open, Close, Save, Save as• Formatting text: Font size, Font style• Font Colour , use the bold , italic and under line• Line spacing , Paragraph spacing• Shading text and paragraph• Working with tabs and indents
3	Working with objects <ul style="list-style-type: none">• Shapes, Clip arts and picture, word art, smart art• Columns and orderings – To add columns to a document• Change the order of Objects• Page Number, Date and Time• Inserting Text Boxes• Inserting word art• Inserting Symbols• Inserting charts
4	Header and Footers <ul style="list-style-type: none">• Inserting custom Header and Footer• Inserting objects in the Header and Footer• Add Section break to a document
5	Working with bullets and numbering list <ul style="list-style-type: none">• Multilevel numbering and Bulleting• Creating List• Customizing list Style• Page Bordering Page Background

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

6	Tables <ul style="list-style-type: none">• Working with Tables, Table formatting• Table Styles• Alignment Option• Merge and Split Option
7	Styles and Content <ul style="list-style-type: none">• Using build in styles, Modifying styles• Creating styles, Creating a list style• Table of Content and reference• Adding internal references• Adding a Footnote• Adding Endnote
8	Merging Documents <ul style="list-style-type: none">• Typing new address list• Importing address list from excel file• Write and insert field• Merging with outlook contact• Preview Result• Merging to Envelopes• Merging to label• Setting rules for merges• Finish and merge Options
9	Sharing and maintaining document <ul style="list-style-type: none">• Changing word options• Changing the proofing tools• Managing Templates• Restricting document access• Using Protected View• Working with Templates• Understanding building blocks• Mail merge
10	Proofing the document <ul style="list-style-type: none">• Check Spelling as you type• Mark spelling as you type• Setting auto correct options
11	Printing <ul style="list-style-type: none">• Page setup, Setting margins• Print Preview, Print

MS-Excel

UNITS	MODULE
12	Introduction to Excel <ul style="list-style-type: none">• Introduction to Excel interface• Understanding rows columns, Naming cells• Working with excel workbook and sheets

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

13	Formatting Excel work book <ul style="list-style-type: none">• New, Open, Close, Save, Save as• Formatting text: Font size Font Style• Font Colour, use the Bold, Italic, and underline• Wrap text, Merge and Centre• Currency, Accounting and other formats• Modifying columns rows and cells
14	Perform calculations with Functions <ul style="list-style-type: none">• Creating simple formulas• Setting up your own formula• Date and time functions, Financial Functions• Logical Functions Look up and Reference• Functions Mathematical functions• Statistical functions, Text Functions
15	Sort and filter data with Excel <ul style="list-style-type: none">• Sort and filtering data• Using number filter, Text filter• Custom Filtering• Removing Filters from columns• Conditional formatting
16	Create Effective Charts to Present Data Visually <ul style="list-style-type: none">• Inserting column, Pie Chart etc• Create an effective chart with chart tool• Design, Format and Layout options• Adding Chart Title Changing Layouts• Chart Styles• Editing chart data range• Editing data series• Changing chart
17	Analyze data using Pivot Table and Pivot Charts <ul style="list-style-type: none">• Understand pivot tables, create a Pivot Table• Framework using the pivot table and pivot chart• Create pivot chart from pivot table• Inserting Slicer• Creating calculated fields
18	Protecting and sharing of work book <ul style="list-style-type: none">• Protecting a work book with a password• Allow user to edit ranges• Track Changes• Working with comments• Insert Excel objects and charts in word document and PowerPoint presentation
19	Macros to automate tasks <ul style="list-style-type: none">• Creating and recording macros• Assigning macros to the work sheet• Saving macros enabled workbook

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

20	Proofing and Printing <ul style="list-style-type: none">• Page setup, Setting print area, Print titles• Inserting custom header and footer• Inserting objects in the header and footer• Page setup, Setting margins, Print preview, Print• Enable background error checking• Setting auto correct options
----	---

MS-PowerPoint

21	Setting up PowerPoint Environment <ul style="list-style-type: none">• New, Open, Close, Save, Save as• Typing the text, Alignment of text• Formatting text: Font size, Font Style• Font colour, Use the bold, Italic and underline• Cut, Copy, Paste, Select all, Clear text• Find & Replace• Working with Tabs and Indents
22	Creating Slides and applying themes <ul style="list-style-type: none">• Inserting new slide• Changing layout of slides• Duplicating slides• Copying and pasting slides• Applying themes to the slide layout• Changing theme colour• Slide background• Formatting slide background• Using slide views
23	Working with bullets and numbering <ul style="list-style-type: none">• Multi level numbering and bulleting• Creating List• Page bordering• Page background• Aligning text• Text directions• Columns Options
24	Working with objects <ul style="list-style-type: none">• Shapes, Clip art and picture, Word art, Smart art• Change the order of Objects• Inserting slide header and footer• Inserting Text boxes• Inserting shapes using quick styles• Inserting word art• Inserting symbols• Inserting Chart
25	Hyperlinks and Action buttons <ul style="list-style-type: none">• Inserting Hyperlinks and Action buttons• Edit Hyperlinks and Action Button

Durgapur Government College

J.N. Avenue, Durgapur, Paschim Bardhaman 713214

(Accredited by NAAC with 'A' Grade in 2017)

	<ul style="list-style-type: none">• Word art and shapes
26	Working with movies and sounds <ul style="list-style-type: none">• Inserting movies from a computer file• Inserting audio file• Audio video playback and format options• Video options, Adjust options• Reshaping and bordering video
27	Using Smart arts and Tables <ul style="list-style-type: none">• Working with tables, table formatting• Table styles• Alignment option• Merge and split option• Converting text to smart art
28	Animation and slide Transition <ul style="list-style-type: none">• Default animation, Custom animation• Modify a default or custom animation• Reorder animation using Transitions• Apply a slide transition, Modifying• Transition, Advancing to the next slide

Table for Qualification

Score on 100% points	Grade
90 to 100	A+ → Outstanding
80 to 89	A → Excellent
70 to 79	B+ → Very Good
60 to 69	B → Good
40 to 59	C → Fair
<40	F → Not Qualified

**Add on Course on
'Concept of Value and Mindfulness in Yoga
Darsana'**

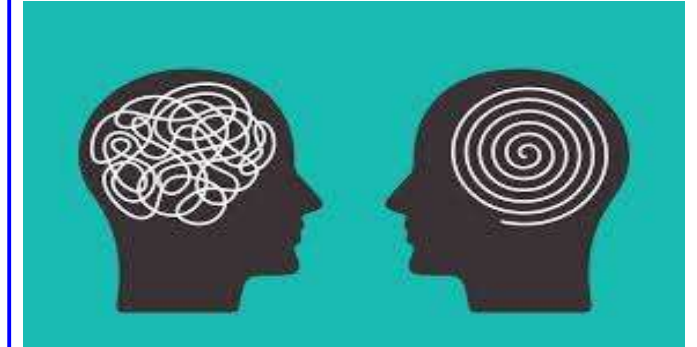

March 7, 2024 to May 5, 2024

Organized by

**Department of Philosophy
Durgapur Government College**

<https://www.durgapurgovtcollege.ac.in>

**Worried about your Attention deficit or
Hyperactivity Disorder and want a
solution?**

**Searching a way to reduce anxiety and
add value to your living habits?**

There is “something special” for you

Add on Course on

**‘Concept of Value and Mindfulness in
Yoga Darsana’**

- ✓ After registration to the course, students will receive confirmation by e-mail from the Department of Philosophy
- ✓ Lectures will be delivered through offline/online mode
- ✓ Hands on training classes will be conducted
- ✓ No Fee will be charged for the course
- ✓ Attendance will be taken in each class
- ✓ Students have to submit their assignments on or before the stipulated date and time
- ✓ The duration of the add on course will be 8 weeks with total 40 contact hours .
- ✓ Successful completion of the course is subject to attendance, submission of all assignments, MCQs and the mini-project by the students.
- ✓ Certificates will be provided to students after successful completion of the course.

Syllabus

Contact Hours = **40 hours**

Duration: **8 Weeks**

Course Objectives

Value and Mindfulness helps in pursuing ethical inquiries which have great impacts on our Living habits. The aim of inculcating values in living practices is to contribute consciously and mindfully to research endeavors. This would lead to enhanced efficiency and amazing. Students would find this training program beneficial since there is no direct inclusion of issues on Value and Mindfulness in the prescribed University Curriculum of B.A. Honours in Philosophy and B.A. Program in Philosophy, and hence the Department of Philosophy of Durgapur Government College aims to provide this course to bridge the curricular gap and a collective and all round development by way of knowing one’s culture and tradition be possible.

Course Outcome

After completion of the course, the undergraduate students will be able to know the origin of the Indian Philosophical systems along with the Vedic tradition of Knowledge gathering and methods of retention. This would add to a student’s creative consciousness and mental health

Overview of the Course Structure

Week 1: Introduction to the Vedic methods (latter Vedic) of transmission Education .

Week 2: Hands on Experience on use of Bharatiya Darsana Kosa (Samkhya & Ptanjala-Darsana); Volume-Two; compiled by Srimohan Bhattacharya; Tarkavedantatirtha and Dinesh Chandra Bhattacharya Sastri; Tarkavedantatirtha

Week 3: Explanation of the origin and development of the Sutakara Period with special reference to the practice of Upnayana.

Week 4: Explanation on Chittavritti Nirodha as a part of the Sonjom and Bhibhuti

Week 5: Mindfulness and the restraintment of the senses.
Week 6: Samadhi: Classification and Significance

Week 7: How can Mindfulness reduce negative self-talk and anxiety?

Week 7&8: 5 Self awareness questionnaire each of 6 marks

Evaluation 1&2 each of 20 marks

Mini Presentation caring 10 marks

2 Feedback each of 10 marks

Emergency Departmental Meeting. No. 50, dated 31.1.2024

1 message

PHILOSOPHY DGC <dgcpilosophy4@gmail.com>

30 January 2024 at 17:25

To: Atasi Rajak <atasi.rajak@gmail.com>, Shalmoli Palit <shalmolipalit@gmail.com>, Sujoy Gayen <sujoyvb@gmail.com>, Sumona Chanda <sumana0902@gmail.com>

Dear Colleagues,

An emergency meeting is called for to discuss the following agendum:

Adding Course to be organized by the Department of Philosophy and also to be organized in collaboration with other Departments of Durgapur Government College.

Venue: Staffroom

Time: 10.00am

Regards,

Bhumika Kanjilal

HOD. Department of Philosophy

DEPARTMENT OF PHILOSOPHY

DEPARTMENTAL EMERGENCY MEETING MINUTES AND RESOLUTION TAKEN: MEETING NO-50

ON UPCOMING ADDON COURSE FROM 7.3.2024-5.5.2024

The meeting started with the discussion on the upcoming Add-on Course to be conducted by the Department on and from 7.3.2024 and which will continue till 5.5.2024. The Head of the Department; Dr. Bhumika Kanjilal placed the proposal and probable titles/ issues/topics on which the Add-on Course may be conducted. She added that the Add-On Course may be well placed if it be based on issues related to the Indian Knowledge system preferably on Yoga Darsana. Prof. Shalmoli Palit opined that it would in fact be appropriate if the upcoming Add-On Course be on how Mindfulness may be measured following Yoga Darsana. Prof. Sujoy Gayen and Prof. Sumana Chanda opined that since the inaugural session will be on 7.3.2024; some offline class for Add on Course may be taken but for the rest of the period it would be nice if online classes be scheduled specially in weekends (Saturdays and Sundays). Prof Sumana Chanda opined that registration for the course may be taken via Google forms and evaluation may be done after every week or so via google forms and PPT presentation.

The Head of the Department, Dr. Bhumika Kanjilal added that all documents namely the Flyer, Brochure, routine and syllabus distribution of the course would be made by her in due course of time and mailed to all concerned faculty members.

Resolutions taken:

1. The Add-on Course would be on Yoga Darsana; stressing on the value system propagated and mindfulness as understood there upon as all faculty members agreed on making the course based on the Indian Knowledge system.
2. Both Online and offline classes may be taken (1 hr duration). Offline class on hands on training is essential.
3. Registration would be done via google form and documents (hard copy duly signed by students) thereby preserved.
4. Evaluation of may be done via Google form and PPT presentation and grades may be given along with certificates. An Excel file of the Final results would be made and graphical presentation of how mindful each of the participants/students are may be done based on Mindfulness test. This would make the course an essentially outcome-based course.
5. The PPT presentation may be uploaded to the Departmental YouTube channel.
6. Geotag pics should be preserved.

The Meeting ended with vote of thanks to all faculty members by the Head of the Department; Dr. Bhumika Kanjilal.

Add on Course on ' Concept of Value and Mindfulness in Yoga Darsana'

REPORT OF THE ADD ON COURSE ON "The Consumer Protection Act: An Overview-Imperatives to Establish Your Right" ORGANISED BY THE DEPARTMENT OF POLITICAL SCIENCE, DURGAPUR GOVERNMENT COLLEGE

Course Name: "The Consumer Protection Act: An Overview-Imperatives to Establish Your Right"

Course Duration: 07.03.2024 to 05.05.2024

Students Enrolled: 53; Students Completed: 20

Course Objective: To provide participants with a comprehensive understanding of the Consumer Protection Act (CPA), enabling them to comprehend its provisions, implications, and enforcement mechanisms in ensuring consumer rights and protection.

Course Content:

- The Consumer Protection Act: Its Perspective and Importance
- Chronological Details along with the Various Amendments to the Act
- Composition and Function of Department of Consumer Affairs under the Government of West Bengal
- Elaboration of Rights Entitled to the Consumers
- Discussion of Few Court Cases
- Hands-on Training regarding Lodging Complaints in Case of Violation of Right
- MCQ and Poster Presentation based Assessment (50 Marks) and Interactive Session with the Participants: Sharing of Thoughts

Learning Outcome:

- Understand the fundamental principles and objectives of the Consumer Protection Act.
- Identify the rights and responsibilities of consumers under the CPA.
- Analyse case studies and real-life examples to apply the provisions of the CPA in practical scenarios.
- Evaluate the role of consumer forums and legal remedies available to consumers for grievance redress.

A General Orientation Program was scheduled on 07.03.2024 to introduce the Add on Course Details

Images: Honourable Principal Dr Debnath Palit and faculty members interacting with the students on the need of these courses for overall skill development.

Dated: 06-03-2024

NOTIFICATION

In pursuance of the College Notice No. 100 dated 06-03-2024, this is for information to all students that Department of Political Science, Durgapur Government College, will offer the Add on Course on "The Consumer Protection Act: An Overview-Imperatives To Establish Your Right" during the period 07-03-2024 to 07-05-2024. This topic is not included in the course curriculum of the affiliating university and aims for bridging the curricular gap focussing the skill enhancement of students.

The registration link for the aforementioned course is

<https://forms.gle/zG4ZIxBMZh7t7E4M9>

The flyer of the course is enclosed herewith.

The inaugural session of the aforementioned add on course will be held in Room No. 110 on 07-03-2024 from 1 pm onwards.

It is mandatory for all students of the Department of Political Science to remain present in the inaugural session. Hard Copy of the attendance will be recorded during the inaugural session.

To promote the interdisciplinary approach, students of other departments who will register for the aforementioned add on course should email to the Course Coordinator Dr. Nabamita Barman (departmentofpoliticalsciencedu@gmail.com) subsequently from 08-03-2024 and apply for registration on or before 15-03-2024.

Images: Notice for the commencement of registration process for the Add on Course

Total number of students who registered for the Course: 53

The Program schedule of the Course was as follows:

Cls No.	Date	Time/Duration	Topic	Name of the Resource Person
1.	06.04.2024 (Sunday)	Lecture 1- 10 a.m.-12 p.m. Lecture 2- 2.30-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Consumerism and Its Imperatives: How to be a right consumer	Dr Adlesh Ravi
2.	07.04.2024 (Sunday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	The Consumer Protection Act: Its Perspective and Importance	Nidhi Mishra
3.	10.04.2024 (Wednesday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Chronological Details along with the Various Amendments to the Act	Dr Nabamita Barman
4.	15.04.2024 (Monday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Discussion of Few Court Cases	Nidhi Mishra
5.	21.04.2024 (Sunday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Composition and Function of Department of Consumer Affairs under the Government of West Bengal	Dr Sootrisa Basak
6.	28.04.2024 (Sunday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Elaboration of Rights Entitled to the Consumers	Shri Arun Kar

Cls No.	Date	Time/Duration	Topic	Name of the Resource Person
7.	01.05.2024 (Wednesday)	Lecture 1- 12-2 p.m. Lecture 2- 2.30 p.m.-4.30 p.m. Interactive Session- 4.30- 5.30 p.m.	Hands-on Training regarding Lodging Complaints in Case of Violation of Right	Shri Arun Kar
8.	05.05.2024 (Sunday)	Session 1- 12-2 p.m. Session 2- 2.30 p.m.-4.30 p.m. Session 3- 4.30- 5.30 p.m.	Participants' Poster Presentation and Seminar/Online MCQ Based Assessment and Submission of Online Feedback Form	

The classes were held in online mode using Google meet and attendance was registered with the help of online Attendance forms to be submitted by the students each day.

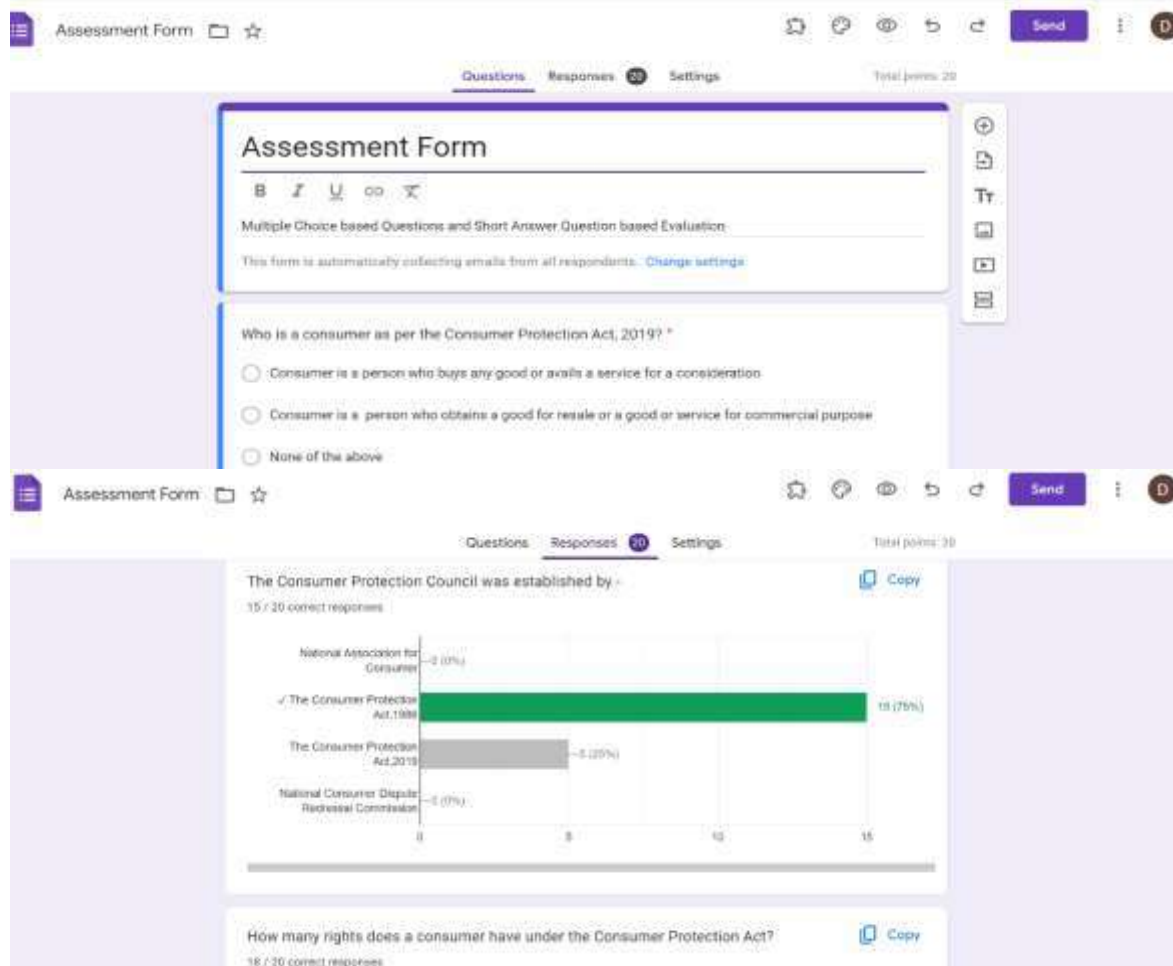

Images: Dr Athesh Ravi, Founder of Arrow Point Company, Market Research and Insights Solutions presenting his deliberation on the moral aspects of consumerism and how to be a right consumer.

Images: Screenshots of the sessions of the Add on Course wherein Shri ArunKar, Assistant Director, Consumer Affairs Department, Government of West Bengal is delivering his talk on the Rights entitled to consumers by Consumer Protection Act.

ASSESSMENT: An assessment of 50 marks comprising of MCQ based test and Poster Presentation was scheduled on 05.05.2024. The online MCQ test was of 20 marks and Poster Presentation by the students was of 30 Marks.

Total students who appeared for the Assessment and completed the Course: 20

Images: Screenshots of the Online MCQ assessment forms.

Images: Screenshots of few posters presented by the students

The course was concluded with the filling up of Feedback form by all the student participants. The Questions were designed in a way to garner the observations as well the constructive opinion of the students for present as well as future courses. Some of the feedback received by the students are as follows:

What new things did you learn from the course?

20 responses

Got to know a lot about the consumer . Like Consumer rights , what is consumer, and different types of consumer protection act law ..etc

Nature of consumer in modern day
Format of a article
Various departments
Court cases
How to fill a complaint
Etc ...

From this course I learned how to protect myself as a consumer

Knowledge enhance about consumer protection act. More aware became the rights and responsibilities of a consumer

I LEARNT ABOUT HOW IMPORTANT TO BEAWARE OF OUR RIGHTS AND VARIOUS MEANINGS THAT I WAS UNAWARE OF LIKE DISPUTE,COMPLAINT ETC. I LEARNT TO DELIVER MY UNDERSTANDING THROUGH POSTER AND A QUICK EXAM.

Share your feelings about this course.

20 responses

Amazing feeling ,gaining a lot of knowledge, and aware of becoming responsible consumer

VALUABLE AND INFORMATIVE COURSE, WITH ALL DUE RESPECT I WOULD LIKE TO EXTEND MY GRATITUDE TO TEACHERS FOR SHARING THIS WITH US !

আমার খুব ভালো লাগলো এই কোর্স করে। এই কোর্স করে অনেক কিছু জানতে পারলাম এবং অনেক সচেতন হলাম। এই কোর্সটি কবিশ্বতে অনেক কাজে লাগবে। Thank you all respected sir and mam.

It's great that you covered the Consumer Protection Act in your class! Understanding consumer rights and protections is crucial in today's market-driven world. Your class likely provided valuable insights into how this act safeguards consumers from unfair trade practices, ensures product quality and safety, and offers mechanisms for dispute resolution. Feedback-wise, consider reinforcing key concepts with real-life examples or case studies to enhance comprehension. Additionally, encourage interactive discussions to promote deeper engagement and application of the learned principles. Overall, it sounds like an informative and important session that empowers students to navigate the marketplace with confidence.

What additional knowledge or skills do you hope to gain from courses like these?

20 responses

Yes

Model parliament

Fundamental Rights of the citizens of India

Model United nation(Mun) , debate and speech . Model parliament

There are many other laws by which we can protect ourselves

Enhancing outer knowledge, different from our syllabus

I WANT TO KNOW MORE ABOUT MY RIGHTS AS INDIVIDUALS IN DIFFERENT FIELDS.

Many laws which helps consumer to protect themselves.

Model parliament

Model United Nations

After the successful completion of the course, Grade Card and Certificate of Add on Course Completion was mailed to each participant.

Target Students

UG students of the
Science Departments,
Durgapur Government College

- ✓ Lectures will be delivered through online and offline mode
- ✓ Practical Hands on training classes will be conducted in Zoology Department
- ✓ No Fee will be charged for the course
- ✓ Students have to submit their project reports and assignments on or before the stipulated date and time
- ✓ Certificates will be provided to students after successful completion of the course.

Preparation of project by students:

Each student has to prepare a complete report on any one topic under economic zoology . The project report should include literature survey for the existing scope of entrepreneurship development and future road map for successful execution

Students will be required to present their project through Assignment Submission

Durgapur Government College

Accredited by NAAC with "A" Grade in 2017
Affiliated to Kazi Nazrul University | UGC 2(f) and 12(B) Recognized College

ADD ON COURSE

"FOSTERING ENTREPRENEURSHIP THROUGH ECONOMIC ZOOLOGY"

MARCH 20, 2024 to MAY 27, 2024

Organized by

Department of Zoology

Durgapur Government College

Objectives of the Course:

Development of critical thinking, skills and insights in poultry production
Have knowledge on guidelines to maintain and assure food quality and food safety of poultry products.
Have basic knowledge and insight on return on investment of interventions to support poultry health.
Have basic knowledge of international poultry legislation, regulations, and standards.

Outcome of the Course

After completion of the course, undergraduate students will be able to think on venturing to the field of poultry rearing as means of entrepreneurship

ADD ON COURSE SUMMARY

Course Title	FOSTERING ENTREPRENEURSHIP THROUGH ECONOMIC ZOOLOGY
Course offered by:	Department of Zoology, Durgapur government college
Course Span:	20th March, 2024 to 27th May, 2024
Course Duration:	35 contact hours
Mode of Course Conduction	Offline and online
Course Coordinators:	Dr. Somnath Dhali, Dr. Kuntal Bhattacharya
In-House experts available (other than the coordinators):	Dr. Saumabha Chatterjee Dr. Sangbrita Saha Chatteraj Dr. Sumana Dutta Dr. Alakananda Majumdar Smt. Runa Das

Details of course curricula:

Contact Hour: 1	INTRODUCTORY CLASS	Dr. Debnath Palit, WBSSES Principal Durgapur Government College (Mode: Offline)
Contact Hour: 2-4	Entrepreneurship as the much looked-for relationship between academia and society	Dr. Kuntal Bhattacharya (Mode: Offline)
Contact Hour: 5-7	Economic Zoology: The garden of entrepreneurial ideas	Dr. Somnath Dhali (Mode: Offline)
Contact Hour: 8-10	Poultry Farming: Basics and Objectives	Dr. Sumana Dutta (Mode: Offline/ online)
Contact Hour: 11-13	An account on Poultry birds and their daily requirements	Dr. Sangbrita Saha Chatteraj (Mode: Offline/ online)
Contact Hour: 14-16	Fighting the bacterial disaster of Poultry birds	Dr. Saumabha Chatterjee (Mode: Offline/ Online)
Contact Hour: 17-19	Viral diseases and best practices to rear poultry	Dr. Alakananda Majumdar (Mode: Offline/ Online)
Contact Hour: 20-22	Ways to overcome common threats of predators and other diseases	Smt. Runa Das (Mode: Offline/ Online)
Contact Hour: 23-24	A descriptive tale on poultry bird identifications	Dr. Somnath Dhali (Mode: Offline/ Online)
Contact Hour: 25-27	A close look on a poultry farm's balance sheet: an investment return assimilation	Dr. Kuntal Bhattacharya (Mode: Offline/ online)

Contact Hour: 28-29	Importance of egg production as part of national food security	Dr. Saumabha Chatterjee (Mode: Offline/ Online)
Contact Hour: 30-31	Duck Firming: New dimensions	Dr. Kuntal Bhattacharya (Mode: Offline/ online)
Contact Hour: 31-32	Nutritive values of poultry: an wiser aspect to venture	Dr. Sumana Dutta (Mode: Offline/ online)
Contact Hour: 33-35	DOUBT CLEARING SESSIONS	ALL FACULTIES OF TEACHING, DEPARTMENT OF ZOOLOGY
EVALUATION	Through ASSIGNMENT SUBMISSION and PERSONALITY TESTS	

EXPECTED LEARNING OUTCOMES:

- Master basic principles of poultry production methods, housing, biosecurity and economics of poultry health sciences.
- In-depth insight in the field of poultry feed, feed additives, and feed analysis.
- Have knowledge and insight in the pathogenesis, epidemiology, diagnostics, prevention and treatment of infectious and non-infectious poultry diseases.
- Have basic knowledge of pharmacological processes, drug disposition, withdrawal time, and drug residues.
- Have basic knowledge of vaccine development and mechanism of action, and insight in the vaccine usage in poultry production.
- Developed critical thinking skills and insights in hot topics in poultry production such as responsible use of antimicrobials, sustainability in livestock production, animal welfare, and public perception of poultry production.
- Have knowledge of guidelines to maintain and assure food quality and food safety of poultry products.
- Have basic knowledge and insight on return on investment of interventions to support poultry health.
- Have basic knowledge of international poultry legislation, regulations, and standards.

BASIC LIGHT MICROSCOPY

(Academic Session 2023-24)

Offered by:

Department of Botany

Durgapur Government College

Durgapur, W.B.

Course Coordinators:

Dr. Ashoke Bhattacharya, Associate Professor, Department of Botany

Dr. Subhojit Ojha, Assistant Professor, Department of Botany

Course Design

Course background:

- Holistic development of the participating students.
- Development of scientific temper among students by bringing them in direct contact with the Light Microscopes (Simple, Compound & Research, Pointers, Camera Lucida, Stage & Ocular Micrometers.
- Understanding the practical applicability of the components of microscope in their vicinity of classes.
- Correlating the situatedness of the institution with the curriculum.
- The course aims to foster heuristic and exploratory learning and is based on the principles of learning-by-doing. Continuous and comprehensive evaluation will help in reinforcement of the course objectives.

Requirements:

<i>Course Title:</i>	Basic Light Microscopy
<i>Department offering the Course:</i>	Departments of Botany
<i>Course Co-ordinators:</i>	Dr. Ashoke Bhattacharya, Associate Professor, Department of Botany Dr. Subhojit Ojha, Assistant Professor, Department of Botany
<i>Participants:</i>	All Students (B.Sc. Botany Honours, Program, Generic, UG-Major & Minor, Zoology and Chemistry Program) of Durgapur Government College.
<i>Teachers:</i>	Internal: Principal and Faculty members of Department of Botany, Durgapur Government College. External faculty members, research scholars and scientists may be invited to conduct some classes depending on their willingness and availability without any financial liability.
<i>Course Fee:</i>	Nil
<i>Intake Capacity:</i>	60
<i>Contact Hours:</i>	32 hours
<i>Class/Lecture duration (online):</i>	1 hr
<i>Duration of Hands-on training/Practical</i>	12 hrs
<i>Evaluation Method:</i>	Written Test (MCQ), Viva and Assignments

Objectives of the Course:

This course aims at teaching the basics of light microscopy & the theoretical skills essential for the application of light microscopy technologies. The course is divided into several modules that cover the essential topics of basic & some advanced light microscopy. The main modules of the course explain the nature of light, basics of light microscopy, sample preparation, image formation & restoration, digital camera technology, image analysis & advanced light microscopy technologies.

Career Prospects:

After having completed the course, participatory students would be enriched to have a thorough understanding of the essential theory and practical applications of light microscopy, which will provide them with very competitive practical skills to be applied in research & development studies including industrial applications. Development of research aptitude will help them in their future aspirations. In terms of employability skills they can find positions in NGOs related to water quality assessment, microbial count in food stuffs versus human health nutrition related projects.

Correlation to Situatedness of the Institution:

Since the institution is located in an industrial belt of Paschim Bardhaman rich in high microbial load in air, water and soil, the course will largely benefit the participating students to appreciate their surroundings and learn the practical applicability of the resources in their proximity. It will also make them aware of the hidden potentialities of resources in their surroundings.

Expected Outcomes of the Course:

After completing the course, the students will have the knowledge and skills to know the following:

- ❖ The light microscope is an important tool in the study of microorganisms, particularly for identification purposes.
- ❖ The compound light microscope uses visible light to directly illuminate specimens in a two-lens system, resulting in the illuminated specimen appearing dark against a bright background.
- ❖ The two lenses present in a compound microscope are the ocular lens in the eyepiece and the objective lens located in the revolving nosepiece.
- ❖ Typical components of Compound light microscopes.
- ❖ Light microscopes can be adapted to examine specimens of any size, whole or sectioned, living or dead, wet or dry, hot or cold, and static or fast-moving. They offer a wide range of contrast techniques, providing information on the physical, chemical, and biological attributes of specimens.

- ❖ The image from a light microscope is presented in color. It can be observed with the eye directly, recorded by photographic, video or computer techniques, and image components can be analyzed.

Syllabus Contents:

Sl No.	Topic	Resource Person	Lecture Hours		
			Theory	Hands -On Activities	Total
1	Explore Microworld	<i>Dr. Debnath Palit, Principal</i>	2	-	2
2	Simple and Compound Light microscope	<i>Dr. Ashoke Bhattacharya</i>	2	1	3
3	Using Compound Light microscope- Preliminary	<i>Dr. Subhojit Ojha</i>	2	2	4
4	Different Mechanical and Optical components	<i>Dr. Sandipan Ray</i>	2	2	4
5	Objective lens adjustment	<i>Dr. Anish Bhattacharya</i>	3	2	5
6	Mounting of slide	<i>Dr. Prosanta Saha</i>	2	1	3
7	Oil immersion lenses	<i>Dr. Prosanta Saha</i>	2	1	3
8	Use of Pointer	<i>Dr. Ashoke Bhattacharya</i>	1	1	2
9	Sectioning and Staining	<i>Dr. Subhojit Ojha & Dr. Sandipan Ray</i>	4	2	6
Total			20	12	32

Examination Pattern (Full Marks-40):

- Multiple Choice Questions – 10 marks
- Viva voce – 10 marks
- Practical – 10 marks
- Project work – 10 marks

Gradation Pattern:

Percentage of marks obtained	Grade
90-100	Excellent - A
70-89	Good - B
50-69	Fair - C
40-49	Not Eligible for Certificate - D

CERTIFICATE WILL BE PROVIDED BY THE COLLEGE AFTER COMPLETION OF COURSE

Minutes of the meeting on the Conduct of Add on Course on Basic Light Microscopy

Date: 06.03.2024 at 2.00 PM

Venue: Department of Botany

Agenda: To discuss syllabus and scheme of the Add on course Basic Light Microscopy

1. Dr. Ashoke Bhattacharya, HOD
Associate Professor
Department of Botany
Durgapur Government College
2. Dr. Subhojit Ojha
Assistant Professor
Department of Botany
Durgapur Government College
3. Dr. Prosanta Saha

Durgapur Government College
5. Dr. Sandipan Ray
Assistant Professor
Department of Botany
Durgapur Government College
6. Mr. Dibyendu Medda
SACT
Department of Botany
Durgapur Government College

Dr. Ashoke Bhattacharya, HOD, Department of Botany welcomed all the faculty members of the department and thanked them for attending the meeting. The agenda for the meeting was discussed, which focused on the syllabus and scheme of the Add on course for the academic year 2023-24. It was proposed that Dr. Ashoke Bhattacharya and Dr. Subhojit Ojha will act as the Course Coordinator of the proposed add on course. Dr. Ashoke Bhattacharya, as the Course Coordinator presented the proposed syllabus of the Add on course. A detailed discussion on the proposed syllabus took place, and members provided valuable inputs and suggestions for improvement. The members also discussed the scheme of the Add on course, which included details of duration, examination pattern, and evaluation methods. It was decided that the course, would have duration of 32 hours and the assessment would involve Project submission and a written examination at the end of the course. After thorough discussion, all faculty members agreed to finalize the syllabus and scheme of Add on course for the academic year 2023-24. The Head of the Department thanked all the members for their active participation and valuable contributions to the meeting

No. DGC/BOT/2024/Add on Course/01

Dated: 06-03-2024

NOTIFICATION

In pursuance of the College Notice No. 100 dated 06-03-2024, this is for information to all students that Department of BOTANY, Durgapur Government College, will offer the Add on Course on "BASIC LIGHT MICROSCOPY" during the period 07-03-2024 to 30-04-2024. This topic is not included in the course curriculum of the affiliating university and aims for bridging the curricular gap focussing the skill enhancement of students.

The registration link for the aforementioned course is

<https://forms.gle/d9vDRxIFCPDaDX3s8>

(Kindly provide the online Google Link for registration, if created by the department, or omit the same. Please note that even if Google form is created, signing the hard copy of attendance is mandatory for all students for the add on course during the inaugural session)

The flyer of the course is enclosed herewith. (Please enclose the flyer)

The inaugural session of the aforementioned add on course will be held in Room No. Biochemistry Lab., Botany Dept., on 07-03-2024 from 3.00 pm onwards.

It is mandatory for all students of the organizing department/s to remain present in the inaugural session. Hard Copy of the attendance will be recorded during the inaugural session.

To promote the interdisciplinary approach, students of other departments who will register for the aforementioned add on course should email to the Course Coordinators (to Dr. Ashoke Bhattacharya, E-Mail: drashoke@gmail.com and Dr. Subhojit Ojha, E-Mail: subhojitojha2014@gmail.com) subsequently from 08-03-2024 and apply for registration on or before 15-03-2024.
